

Modern Apprenticeships in Engineering

Working with the largest and long-established employers in Rochdale and surrounding towns, Rochdale Training is now looking to take on enthusiastic and motivated young people to undertake Modern Apprenticeships, offering the opportunity to “earn while you learn”.

The Modern Apprenticeship in Engineering will provide you with:

- Full time employment with a local company
- Competitive rates of pay
- First year training in our well-equipped training centre
- Day release to college during your training to obtain BTEC, ONC, HNC or beyond
- Qualifications to NVQ level 3 or higher
- Opportunities for further development

Applicants should preferably have at least 5 GCSEs but all applicants will have the opportunity for an interview and to take our aptitude test. Determination and commitment are as valued as qualifications. Rochdale Training also offers Modern Apprenticeships in Business Administration; Contact Centre Work; Customer Service; and IT. Contact us now for further information.

For a Modern Apprenticeship application form email info@rochdaletraining.co.uk, contact us on 01706 631417 or go to www.rochdaletraining.co.uk
